PD advised that:

- PD thanked the CoM, staff and the members of MV

- MV was appointed to the Victorian Artist Advisory Panel
- MV consistently got 80-100 people at each professional development session throughout the year
- MV would like to partner with Face the Music and Melbourne Music Week again next year and spoke highly of the changes made to the format, including that the events were all in the city and easy to access
- In 2016 MV changed the structure of the awards to make the awards ceremony invite only and opening the second half of the event up to the public, which was a success. The tickets sold out four months before the event. PD advised there were 46,000 votes across the categories and inducted RRR into the Hall of Fame
- MV was interviewed by Boston Consulting Group about the branding of Victorian music and art around the world
- MV did the Council election survey again this year - out of 2000 local candidates reached, 70% of respondents said they would undertake a local audit with some also committing to a live music strategy. These results will allow MV to follow up with candidates who were elected

- MV had budgeted for a $5,000 deficit but ended up with a surplus of $154
- The three year funding from Creative Victoria is significant but only accounts for around 60% of MV’s total funding

Overview

2017 has been another year of sustained growth and development for Music Victoria. The organisation has continued to deliver on its strategic plan and provide strong support and advocacy to members both in metro and regional areas.

With memberships having grown by 30% to over 1500 members (matching 30% in 2016) our membership base makes us the best represented arts peak body in Australia.

Our members are comprised of:
1124 individuals
220 bands
15 gold partners
21 platinum partners
20 not for profit
83 small businesses
21 venues

Our social media reach has also grown substantially and we now have a database of over 33,000 people who follow Music Victoria to keep up with the latest developments in the music industry.

Part of the reason for this growth has been as result of Music Victoria delivering (on behalf of the Victorian State Government) the rollout of the Good Music Neighbours sound attenuation and acoustic grants programs, the Live Music Professionals coaching program and the Victorian Music Crawl project. On behalf of the Board I would like to thank the Andrews Government and in particular Minister Foley and the team at Creative Victoria for their ongoing support of Music Victoria and contemporary music in general.

I would also like to thank the Australia Council and APRA for continued funding and support throughout 2017.

Music Victoria has worked closely with Phil Martin at 3 Tiers Consultancy throughout 2017 and I would like to thank Phil for his continued guidance and advice.

I would also like to thank Goldseal HR and the Banks Group Accountants for their ongoing support.

Next year is looking like another huge year for Music Victoria.

> Music Victoria will be partnering with Creative Victoria to deliver the Music Cities Convention in April which will bring together leading music academics to share ideas at a conference in Melbourne

> Music Victoria will become a key tenant at The Collingwood Arts Precinct as the project rolls out later in 2018

> Music Victoria will continue to broaden its membership base and seek out and deliver economic opportunities for its membership
I would like to thank the Directors of The Music Victoria Board for their hard work throughout the year. This group of dedicated volunteers has contributed countless hours to help make Music Victoria one of the best performing Music Peak bodies in Australia.

The Board held a strategy planning session in February and made the decision to consolidate the existing Sub-Committee structure from seven Sub-Committees to two. The Board also took a decision to restructure the advisory panels which supply ideas and feedback to the Board.

The Board this year has comprised of 12 Directors, five of whom are completing their terms at this AGM.

Chrissie Vincent and Cat McGauran both resigned from the Board in May and the Board would like to thank them both for their hard work and dedication.

Upon their resignation Chelsea Wilson and Richard Moffat were appointed to the Board.

Thank-you to Michelle Nicol and Sarah Blaby who were both elected to the Music Victoria Board in 2015 and will complete their two year terms at the AGM.

- Michelle Nicol has served as Deputy Chair of the Board as well as Chair of the Communications Sub-Committee. Michelle has brought her extensive marketing experience and passion for the music industry to the Board. As Deputy Chair, Michelle has been a strong contributor throughout the year and I thank her for her support and advice.

- Sarah Blaby has served as Deputy Chair of the Operations Sub-Committee. As a musician and with solid experience in membership management, Sarah has been a valuable contributor to Board discussions throughout the year.

Thank-you also to Matthew Kennedy, Chelsea Wilson, Ian James, Jeremy Gronow, and Richard Moffat who were all appointed to the Board in 2017 and whose terms will conclude at the AGM.

- Matt Kennedy has been a member of the Operations Sub-Committee and with senior management experience, Matt has provided strong leadership in strategic thinking, state government relations and improvements to governance.

- Ian James has been a member of the Communications Sub-Committee and has provided the Board with extensive industry knowledge and access to Ian’s wide national and international music industry networks.

- Jeremy Gronow has served as Board Secretary as well as being a member of the Communications Sub-Committee. As Secretary, Jeremy has been a great support to the Chair and Deputy Chair and he has brought his extensive experience in state government relations and as a musician to all board discussions.

- Chelsea Wilson has been a member of the Operations Sub-Committee as well as Chairing the Musicians Advisory Panel. Chelsea has provided strong views to board discussions as a musician with extensive experience in local government relations.

- Richard Moffat has been a member of the Communications Sub-Committee as well as assisting with the 2017 Music Victoria Awards. Richards experience in music programming and his knowledge and understanding of the music industry at both a national and international level has been a great asset to the board.

And finally thank-you to Barry Williams and Tracee Hutchison who will continue on as elected Board Members in 2018.
Barry Williams served as Treasurer and has been a member of the Operations Sub-Committee. Barry’s hard work and dedication to the role of Treasurer has been of great assistance to the Board as well as the operational team of Music Victoria.

Tracee Hutchison served as the Deputy Chair of the Communications Sub-Committee as well as establishing and chairing the new Women’s Advisory Panel. Tracee has brought her extensive experience in education and communications to the Board and has been a great contributor thought the year.

Note of thanks

Our operational team led by CEO Paddy Donovan have done a fantastic job this year. With increased staff and resources the team has been able to deliver on a wide range of projects which have and will continue to provide real economic outcomes for our musician, venue, and corporate members. Through their hard work and dedication Music Victoria is well placed to continue to grow and adapt to the ever changing music marketplace.

And finally, thank you to the members and supporters of Music Victoria for your ongoing support. On behalf of the Board of Directors I wish you all a merry Christmas and happy new year.

Tim Northeast

(Chair)
Introduction:

Music Victoria has enjoyed its busiest year to date, representing, supporting and celebrating the Victorian music through advocacy, professional development and awards and rewards. But on top of that, we have delivered on behalf of the Victorian State Government the Good Music Neighbours sound attenuation and acoustic grants programs, the Live Music Professionals coaching program and the Victorian Music Crawl project raising the profiling and connecting the metro industry to regional venues and councils.

Staffing:

Music Victoria expanded this year with Laura Imbruglia joining the team as Marketing and Project Manager, and Al Parkinson coming on board as Office and Membership Co-ordinator. Both are excellent musicians and they have been terrific additions to the team. They join Operations and Program Manager Nick Cooper, administrative assistant and Australian Music Industry Network co-ordinator Alyse Newman, accountant Katrina McBeath, project managers Shaun Adams and Sarah DeBorre, awards event producer Belinda Collins and professional Conference Organiser Bonnie Dalton. Progressive PR was engaged by Music Victoria this year to advise and promote Music Victoria’s general work, including the release of the Victorian Live Music 10 Point Plan. They augment the work of music publicist Sarah Guppy, who delivers PR for the Age Music Victoria Awards and the Music Victoria Membership Drive. Chloe Turner left the organisation in June 2017 after almost three years of dedicated service to the organisation. We wish her best in her future endeavours.

Liquor Licensing:

We joined the new Live Music Roundtable which has moved to Creative Victoria. And as a member of the Victorian Live Music Sexual Harassment Taskforce, Music Victoria helped select nine venues to be part of a pilot training program training staff on preventing and dealing with incidents of sexual harassment and assault. It also made submissions to Victorian Commission for Gambling and Liquor Regulation to remove any reference to live music in its tightening of late night license conditions.

The Age Music Victoria Awards:

The 12th Age Music Victoria Awards was held at 170 Russell with our most diverse line-up to date, featuring blues, jazz, soul, hip hop, rock punk, house and electronic acts, as well as handing out 23 awards. The public awards were decided by 72,000 votes, hosted on the Music Victoria website for the first time, and expert genre judges selected the winners for the 12 genre categories. Legendary late producer Tony Cohen was inducted into the Hall of Fame, and photographer Zo Gay received a Special Achievement Award for commitment to live music in photographing local live music for 365 nights which were published in her book The Damage Report.
Visit Victoria:

After years of lobbying, Music Victoria was thrilled that Visit Victoria, the State agency for tourism, made live music a key branding pillar when it relaunched its Melbourne brand campaign in October. Music Victoria has also been assisting Visit Victoria with a number of campaigns and projects to promote Victorian music.

Music Cities Convention - Melbourne:

Music Victoria and Creative Victoria bidded successfully for the renowned Music Cities Convention to be held in the southern hemisphere for the first time. Music Victoria is the delivery partner of the convention, which is the largest global reaching conference exploring the relationship between music and the built environment, and will attract dozens of leading global thinkers to Melbourne in mid-April 2018 to share best practice on how cities can best support music.

Conferences:

Music Victoria members were panellists and moderators at the National Contemporary Music Roundtable in Sydney, the Music Cities Convention – Memphis, and the Electronic Music Conference in Sydney. I also attended the Americana Music conference in Nashville, where I saw first-hand how a city can best support a conference, awards, a Hall of fame and showcase artists in its live music venues, and helped develop relationships between Victoria and the Tennessee Government, the Americana Awards and the Stax Music Academy.

Live Music Census:

Music Victoria and project manager Dobe Newton partnered with Collarts, City of Yarra, City of Port Phillip and City of Melbourne in conducting the Live Music Census 2017. Result will be released in March.

Local Government:

Music Victoria partnered with the Municipal Association of Victoria’s Arts and Culture Working Group and Live Music Office to develop Live Music Strategy and Action Plan templates for councils to adopt.

Australian Music Vault:

I participated on the Australian Music Vault Advisory Group which helped develop Australia’s first ever Hall of Fame and historical music exhibition. An interactive, contemporary, multi-media project, it will showcase Australian music history and stories in a physical exhibition space at Arts centre Melbourne, as well as online, from mid-December.
TREASURER’S REPORT - 2016-17 FINANCIAL YEAR

BARRY WILLIAMS

Overview of 16-17 Financial Performance

Once again, it has been a very busy year within the offices of Music Victoria. Now that we have executed our first year of the two new projects which were announced at last year’s AGM, namely Live Music Professionals and Good Music Neighbours, the delivery of these programs is reflected in the increase in the grants income in our accounts. The 16/17 year accounts are not distorted as they were last year with us delivering the once-off event in celebration of our ten year anniversary of The Age Music Victoria Awards Hall of Fame. Holding the Hall of Fame concert contributed $156,000 of revenue in the form of ticket sales, and also the associated expense incurred in putting on such a large event. On the revenue side, it is pleasing to report an increase in our membership income of some $30,000, with our membership now being at record levels. Also, this year we were able to increase our sponsorship income of The Age Music Victoria Awards (2016) quite significantly, which enabled us to deliver a modest profit. As would be expected with the addition of two new projects, we would have a similar increase in expenses to deliver the programs. Both programs contributed $110,000 of additional cost to our accounts, which is not evident in the audited accounts. It is extremely pleasing that we were able to deliver much larger surplus this financial year of some $23,000. Again, our financials have been audited by Banks Group with no material outcomes reported (the audited 2016-17 Financial Statement is as the back of this Annual Report).

Balance Sheet

With a positive surplus for the financial year ended the 30th of June 2017 we now have member funds of $353,000, which gives the organisation a strong cash buffer. As at the end of the financial year we had nearly half a million dollars in cash reserves. Again, as noted in my report, last year the major proportion of liabilities is income being held over as not being brought to account.

Budget Position 2017-18

As we do each year in May the Board sets its budget position for the year ahead. This year we have projected a deficit. It is apparent to the Board that we have been under resourced in the office, so a decision has been made to provide extra support with the addition of another part time staff member to relieve some of the pressure on the day to day operations of the office. We are confident this will be a one off as we continue to increase our revenue base into the future as we expand the scope of the programs we deliver.
The Year Ahead

2017-18 will be very busy, as we continue to work with Creative Victoria on delivering elements of the Music Works Package that was presented as part of the Labor Government’s election policies. We also have the exciting prospect of being the co-manager of presenting the Music Cities Convention in April.

Again, I would like to thank Katrina McBeath for her efforts in delivering timely accounts for the presentation to our board each month, and the day to day financial management of Music Victoria’s accounts. I should also pass on a note of thanks to Chloe Turner for her efforts in maintaining the general office for us during her time with Music Victoria. Sadly, Chloe left us at the end of the financial year to pursue other career opportunities.

He was the driving force behind the Victorian Live Music Ten Point Plan, which is considered global Best Practice for live music support.

He has built ties in overseas markets in the United States, the UK and Europe, presenting on topics including "Melbourne Music City" at numerous international conferences.

Since the 2016 AGM, Music Victoria has rolled out a huge program of great professional development workshops, masterclasses, and networking events. Through careful review of member and other industry feedback, the 2017 program featured:

- 21 events held, attended by approx. 812 industry participants (not including Venues Days – Good Music Neighbours or Live Music Professionals sessions);

- 3 x Venues Days presented by Music Victoria in partnership with local government agencies (City of Melbourne, City of Yarra, and City of Darebin), attended by approx. 112 venue owners, managers, bookers and staff;

- for the first time, digital marketing and social media masterclasses (including in Geelong) in partnership with Blstr, both sold out;

- recorded podcasts of many of the workshops and masterclasses uploaded to Music Victoria’s website and Soundcloud; and

- A second year as partner and host of artist development program GRID Series.

We look forward to finalising the 2018 program to maximise engagement with, and upskill, Music Victoria members and industry. Keep an eye on the Music Victoria Workshops page.
The Age Music Victoria Awards and The After Party

The Age Music Victoria Awards celebrated its 12th year in 2017, with a massive line up of Victoria’s best musical talent at 170 Russell on Wednesday 22 November, during Melbourne Music Week. Co-presented by Triple R 102.7FM and PBS 106.7FM and fittingly hosted again by respective radio favourites Chris Gill and Lyndelle Wilkinson, The Age Music Victoria Awards 2017 acknowledged the State’s best bands, releases, venues, and festivals with a variety of awards, and concluded with a massive After Party.

Featuring live sets from recent Glastonbury-goers Harvey Sutherland & Bermuda, local post-punks Gold Class, and rising powerhouse trio Cable Ties, The After Party was a chance for all awardees, nominees, music industry professionals and fans alike to come together on the dance floor and celebrate the breadth of Victoria’s thriving music community.

As tradition goes, the evening also included the famous EG Allstars Band (featuring members of the Rockwiz Orchestra) performing some of the best songs of the year fronted by a prime cut of rotating musical talent including Josh Teskey (The Teskey Brothers), Archie Roach, Greta Ray, Ella Thompson (GL), Michelle Nicolle, Birdz, Mojo Juju and Jim Lawrie (Performing Big Smoke), as well as DJ sets by MzRizk.
**Good Music Neighbours**

Good Music Neighbours is a Victorian Government initiative delivered by Music Victoria under the Music Works package.

The program consists of the new Acoustic Assessment Grants, the main Good Music Neighbours grants and Sound Advice workshops.

**Good Music Neighbours - 2017 Grant Round**

The recent round saw a slight decline in venues applying for the grant from its first year, but a panel was able to recommend 12 venues ranging from inner city to regional for a total of over $140,000.

Venues applied for a mixture of continued capital works, sound walls, double glazing windows, acoustic assessments and ceiling panels.

**Acoustic Assessment – Grant Round**

As part of its annual report to Creative Victoria, the Good Music Neighbours program pitched a need for a simple, non-matched Acoustic Assessment grant. This was approved, and with a short turnaround time the program was able to support 22 venues for a combined total of $100,100.

The idea is that once these venues have up-skilled themselves with an acoustic report, we hope to see them applying for the works grant in 2018 if needed.

2018 Grant Round: 29 March - 26 April 2018
Live Music Professionals

Live Music Professionals is a Victorian Government initiative delivered by Music Victoria under the Music Works package. In 2017 the Victorian Government made a three year commitment to Music Under Wings; providing mentoring, training and professional development opportunities to enable Victoria’s music industry to grow at both an individual and industry-wide level. Managed by The Push, Music Under Wings includes both The Push-based program, Music Industry Pathways; and Music Victoria’s, Live Music Professionals.

The aim of Live Music Professionals is to:

1. Support Victoria’s iconic live music sector by assisting venues and independent promoters in their efforts to run sustainable, long-term businesses that support live, original music

2. Provide opportunities for those who may be isolated and find difficulty in creating networks and building opportunities

3. Encourage more live music in all communities by supporting the people who make it happen through one-on-one coaching and various networking opportunities

Completing its pilot program in 2017, Live Music Professionals selected 20 participants from across the state who were coached by 10 music industry personnel and one business coach. Participants were a range of mid-career level venue owners, band bookers and independent promoters with 50 per cent of participants representing regional and outer suburban areas.

Music industry coaches in 2017 included Aidan McLaren (The Hills Are Alive, NYE On the Hill, UNIFY), Alex Zaccaria (Bolster), Carolyn Logan (Penney and Logan PR & Management), Danae Effern (Little Giant Agency), Jon Perring (Bar Open, The Tote), Kate McCabe, Richard Moffat (Groovin’ The Moo), Sally Mather (The Corner Group), Shaun Adams (Karova Lounge, From The Apple Tree) and Sophie Miles (Mistletone).

Participants were involved in a one-and-a-half day program launch/conference in Geelong where they received one-on-one coaching and participated in workshops and panel sessions. Throughout the four months of the program they completed subsequent coaching sessions and engaged in masterclasses, were invited to the Age Music Victoria Awards and were involved in both closed door and public facing sessions at Face the Music. http://www.musicvictoria.com.au/livemusicprofessionals
Victorian Music Crawl

The Victorian Music Crawl (VMC) is a Victorian Government initiative delivered by Music Victoria under the Music Works package. Delivered by Music Victoria, the VMC is part showcase, part educational opportunity and part exposure to local talent and industries. The program aims to reconnect the metropolitan and local industries with local government, build confidence in Victoria’s artists to tour the state, and document and reveal the great stories and potential for a healthy live scene across Victoria. It aims to:

- Highlight touring pathways, venues and share and build excitement about the potential of live music in regional Victoria.
- Showcase regional capacity to deliver live music experiences
- Build the capacity of metropolitan audiences to connect with a regional audience
- Support sustainable regional touring circuits

The first trip visited venues in Ballarat, Castlemaine, Bendigo and Echuca. Outcomes included:

- 26 people attended 15 shows at 14 venues
- 89 per cent of participants said they were more likely to present live music in regional venues as a result of the tour

VMC#2

The second trip visited venues in Frankston, the Mornington Peninsula, Bass Coast and South Gippsland. Outcomes included:

- 29 media stories, reaching over a million people, which is valued at $108,223

Notes to the Financial Statements
For the year ended 30 June 2017

The financial statements cover Contemporary Music Victoria Inc. as an individual entity. Contemporary Music Victoria Inc. is a not for profit association incorporated in Victoria under the Associations Incorporation Reform Act 2012.

The functional and presentation currency of Contemporary Music Victoria Inc. is Australian dollars.

1  Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are special purpose financial statements that have been prepared in accordance with the Australian Accounting Standards, Australian Accounting Interpretations and the Associations Incorporation Reform Act 2012.

The significant accounting policies used in the preparation and presentation of these financial statements are provided below and are consistent with prior reporting periods unless otherwise stated.

The financial statements are based on historical costs, except for the measurement at fair value of selected non current assets, financial assets and financial liabilities.

(b) Comparative Amounts

Comparatives are consistent with prior years, unless otherwise stated.

(c) Income Tax

The Association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(d) Revenue and other income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of goods and services tax (GST).

Grant revenue

Grant revenue is recognised in the statement of profit or loss and other comprehensive income when the entity obtains control of the grant, it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Contemporary Music Victoria Inc. receives non reciprocal contributions of assets from the government and other parties for zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of profit or loss and other comprehensive income.
1 Summary of Significant Accounting Policies

Donations and sponsorship income are recognised as revenue when received. The Association also receives goods or services from other parties in return for the provision of promotional or other non-cash consideration. Such transactions are recognised at fair value and disclosed in revenue, with a corresponding expense.

Interest revenue

Interest is recognised using the effective interest method.

Subscriptions

Revenue from the provision of membership subscriptions is recognised on a straight line basis over the financial year.

(e) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) Property, Plant and Equipment

Classes of property, plant and equipment are measured using the cost model as specified below.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

Plant and equipment

Plant and equipment are measured using the cost model.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, is depreciated on a reducing balance basis over the asset's useful life commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.
1  Summary of Significant Accounting Policies

(f)  Property, Plant and Equipment

Depreciation

The depreciation rates used for each class of depreciable asset are shown below:

<table>
<thead>
<tr>
<th>Fixed asset class</th>
<th>Depreciation rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Plant and Equipment</td>
<td>20 30%</td>
</tr>
<tr>
<td>Furniture, Fixtures and Fittings</td>
<td>20 30%</td>
</tr>
</tbody>
</table>

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(g)  Financial instruments

Financial instruments are recognised initially using trade date accounting, i.e. on the date that the Association becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial liabilities

Financial liabilities are recognised when the Association becomes a party to the contractual agreements of the instrument. All interest related charges and, if applicable, changes in an instrument’s fair value that are reported in profit or loss are included in the income statement line items “finance costs” or “finance income”.

Financial liabilities are classified as either financial liabilities ëat fair value through profit or loss or other financial liabilities depending on the purpose for which the liability was acquired. Although the Association uses derivative financial instruments in economic hedges of currency and interest rate risk, it does not hedge account for these transactions.

The Association’s financial liabilities include borrowings, trade and other payables (including finance lease liabilities), which are measured at amortised cost using the effective interest rate method.

(h)  Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.
1 Summary of Significant Accounting Policies

(i) Employee benefits

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than twelve months after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

Employee benefits are presented as current liabilities in the statement of financial position if the Association does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date regardless of the classification of the liability for measurement purposes under AASB 119.
